PREVIOUS MATTERS HELD OVER FOR POSSIBLE ACTION

REPORTS OF STAFF

- Director's Report
- Director presented the proposed salary ranges showing the old job descriptions (classes) where they fit with the proposed new job descriptions. The Director explained that the new job descriptions incorporate and consolidate the old job descriptions into more broad defined classes. The purpose for this was a result of the DPW having fewer employees as with the

past where employees were able to specialize. The current and the future DPW workforce will need to be highly flexible and skilled to handle multiple tasks and assignments. This plan and proposed job descriptions were presented to the Salaries & Grievances Committee the evening before and received a favorable motion with the contingency that the Public Works Committee review the plan and doesn't have any objections.
